**PREVENT BURGALARIES**

**WHAT DO YOU  
HAVE TO LOSE?**

### **PERSONAL IDENTIFICATION PROGRAM**

If you are the victim of a burglary, it is important that you know the serial number of the items stolen. Without the positive identification made by serial number or a unique number, which you may engrave or mark on your property – you may not be able to prove you are the rightful owner if the item is recovered.

Take a few minutes and record the description, serial number and value of those items, which are most likely to be stolen. Many of them are listed for you on this form. If you have valuable jewelry, silver, antiques or art take color photographs and note any marks, blemishes or features that make it unique. Keep your property record form and photographs with your insurance papers or in another safe place.

After you complete your inventory, you will realize how much you have to lose in a burglary.
